

JUNE 2025

WE'VE MOVED!

The Gwinnett County Solicitor General's Office is excited to share that we have relocated from the first floor to the second floor of the Gwinnett County Justice and Administration Center. Our new office space has dedicated meeting rooms for victims and witnesses,

a quiet room to provide comfort and privacy to victims and expanded office areas. These improvements to our office are a part of our ongoing efforts to provide dignity, compassion and respect to everyone who walks through our doors.

IN THE COMMUNITY

LAWRENCEVILLE SENIOR CENTER VISIT

On June 23, Solicitor General Bristol and members of her team paid a special visit to the Lawrenceville Senior Center for an afternoon of engagement and education. They played a lively game of bingo and had a great conversation about the dangers of elder abuse. The purpose of the visit was to give residents resources and information so they can recognize the red flags and signs of potential elder exploitation and abuse.

SVU UNIT

Our office has recently launched a new Special Victims Unit that will focus on sensitive misdemeanor cases. These cases include stalking, sex crimes, vehicular homicide and animal cruelty. The SVU team is made up of a trained team including Assistant Solicitor Generals, Investigators, Victim Advocates and Trial Assistants who will work together to ensure survivors in our community will receive the justice that they deserve.

SUMMER INTERNS

We are proud to share that this summer, we have welcomed three incredible interns to our team. Trinity is a senior at Emory University studying a double major in Anthropology and Biology. Krystal is a junior at Alabama State University, majoring in Criminal Justice and Ava is an incoming freshman at Spelman College, who will be majoring in Political Science. Please join us in welcoming these exceptional young women to our team!

MENTAL HEALTH EXPO

This past Sunday, our team was invited to the Mental Health Resource Expo at New Mercies Christian Church. The purpose of this important event was to promote mental health awareness, break mental health stigmas and provide tools and helpful resources that community residents can utilize. We were incredibly proud to attend this event and be a part of the conversation surrounding mental health awareness in the Gwinnett community.
